## Invitation to attend the DHIS 2 Academy East Africa 2014 - Level 2 & 3 Lake Kivu, Rwanda - May 27th - June 5th, 2014

University of Oslo together with HISP Rwanda, MSH and the Ministry of Health are pleased to announce the "DHIS 2 Academy East Africa 2014 - Level 2 & 3" to be held in Lake Kivu Serena Hotel Gisenyi, Rwanda - May 27th - June 05th, 2014.

This Academy will be an intermediate & advanced level training program targeting experienced DHIS 2 implementers, system administrators, as well as managers and program officers. We welcome participants from all organisational forms, whether government, NGOs, private sector, independent consultants and others.

Experienced DHIS 2 trainers and experts will share the latest features and customisation approaches and help you to make your DHIS 2 implementation a success. Training topics will include: database manipulations and queries, data migration, advanced form design, advanced report design, GIS setup, DHIS 2 Tracker, mobile clients, Web-API and integration, web pivot tool, sharing/access control system, the Analytics engine and more. A hands-on training programme will make sure the trainers and participants can also sit together and improve the participants' DHIS 2 databases.

A detailed training program will be published later. Stay updated by visiting <http://dhis2.org/academy>.

This workshop will be a great opportunity for you to share and discuss your DHIS 2 implementation experiences with other implementers from the region and to gain new insight into important implementation topics. Members of the DHIS 2 development team will attend and we encourage all participants to come with detailed feedback to the developers on existing functionality as well as requests for future releases. Only with the help from the implementers and users, DHIS 2 can move forward in the right direction.

Please register online: <http://www.dhis2.org/rwanda2014-reg>.

Note that in order to attend you must either have attended the DHIS 2 Academy before or have an extensive technical understanding of the DHIS 2. Moreover, due to the overall capacity of the event, we will have to limit the invitations to about 3-4 people per country or organization, but the exact numbers will of course depend on the overall interest. The organisers will evaluate your qualifications and the quotas and get back to you as soon as possible.

The 9-day academy training fee is 800 USD, including 9 days of lunch and tea breaks from May 27th to June 05th, 2014. After receiving confirmation from the organisers, please proceed with the training fee payment. The selected participants will have to take care of their own accommodation. Details both on the payment on the accommodation will be sent to the selected participants.

If you have questions or regarding the DHIS 2 Academy, feel free to contact the organisers at [rwanda2014@dhis2.org](mailto:rwanda2014@dhis2.org)

On behalf of the organising committee,
