

The screenshot shows the DHIS 2 Pivot Table interface. On the left, the 'Organisation units' tree is expanded to show the 'Toliara' region. A red circle highlights the gear icon next to the 'User org unit' checkbox, with a blue arrow pointing to a text box that reads 'OrgUnit level selected from here'. The main area displays a 'Loading...' spinner, which is also circled in red with a blue arrow pointing to a text box that reads 'Loading without any output when selecting the lowest OrgUnit in the tree...'. The interface includes a top navigation bar with 'Update', 'Favorites', 'Layout', 'Options', 'Download', and 'Embed' buttons. The bottom of the screen shows a Windows taskbar with various application icons and a system tray with the date 'FR' and time '11:22 AM'.

OrgUnit level selected from here

Loading without any output when selecting the lowest OrgUnit in the tree...
