

# Development worker as advisor (m/w) in the field "Strengthening of the health information system", Yaoundé, Cameroon

## Cameroon

As a federal enterprise, GIZ supports the German Government in achieving its objectives in the field of international cooperation for sustainable development.

**Job-ID:**

P1471V047

**Location:**

Yaoundé

**Assignment period:**

10/01/2018 - 09/30/2020

**Field:**

Social Sectors

**Type of employment:**

full-time

**Application deadline:**

08/15/2018

### Job description

The Technical Assistant will support three units of the Ministry of Health in improving the global health information system and reproductive health data. The units are the National Public Health Observatory, the Data Information Unit and the Family Health Unit. The Technical Assistant contributes to minimizing the fragmentation of the data collection system, supports the conceptual design of qualitative data tools, promotes harmonization and collaboration among stakeholders, and works closely with colleagues in the project regions. The purpose of the intervention is to ensure an improvement in the data, in particular reproductive health data.

### Your tasks

- Harmonization of data tools with the reproductive health indicators of the strategy papers
- Support in coordinating and collaborating between stakeholders and promoting networking of multi- and bilateral partners at national and global level
- Close cooperation with the project regions to improve data completeness, punctuality and quality
- Support to data analysis through the use of the electronic database DHIS2
- Support the creation of a digital map of stakeholders in the health sector

## Your profile

- Diploma or master's degree in social or health sciences, and excellent knowledge of quantitative methods
- Excellent language skills in French and good knowledge of English
- First experiences with monitoring and evaluation of health programs
- Experience with databanks, particularly DHIS2
- Knowledge of health information systems

## Location information

- Residence : Yaoundé, Capital of Cameroon
- Climate : pleasant tropical climate
- Healthcare : Good health care is provided by private hospitals
- Children / school situation and school fees: Several international kindergartens and secondary international schools; school fees reimbursement acc. to GIZ guidelines
- Other: Cameroon is scenically a very diverse country with many tourist attractions
- Security: The security situation requires heightened vigilance. Special precautionary measures for GIZ staff apply. GIZ safety regulations must be respected at all times. Please also consult the country-specific information available at the German Federal Foreign Office.

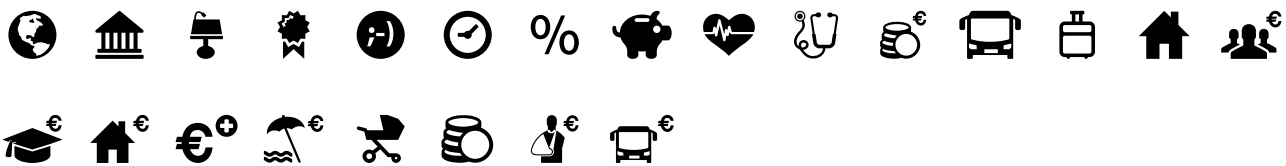

## Notes

GIZ's Development Service is looking forward to applications of candidates with a professional qualification and / or university degree and at least two years of professional experience. **In addition you hold the German nationality or the**

## nationality of a member state of the European Union.

Please understand that we can accept and process in principle only applications via our E-recruiting system. Following the confirmation of your successful application, kindly check your spam / junk mail folder on a regular basis, since some provider classify emails from our recruiting system as spam.

### Our benefits ▲
