Help Grincon U.S.

Conference date: Monday January 28, 2019
(Grin Mainnet launch has been announced as January 15, 2019!)

If Satoshi were here today, s/he would fix Bitcoin's scalability and privacy. Grin does.

Grin is an implementation of the MimbleWimble protocol. Grin utilizes proven cryptography combined with state-of-the-art advances in privacy and scalability. It's one of the few community-driven, open-source blockchains with no ICO, no pre-mine, and no founder's reward.

At this first ever U.S. Grin Conference, you'll witness Grin's growing ecosystem. You'll meet the developers, cryptographers, and people behind the project. You'll also get first glimpses of what entrepreneurs are building on Grin.

Grin relies on the community for funding. Many people have donated their time and expertise. Your participation and support helps grow the effort. Treat starving developers to lunch, drinks, and buy a logo placement on the inaugural conference t-shirt and website (see below details). Proceeds from this conference will be donated to the Grin Project. You can also donate outright at http://grin-tech.org/funding.html

contact@blockcypher.com to sponsor items below

T-shirt Logo Placement - $2500 (10 available)

Immortalize your company by placing your logo on the back of the inaugural Grincon U.S. t-shirt! The t-shirt for Grincon U.S. will be a special design to celebrate the launch of Grin Mainnet.

Website Logo Placement - $2000 (20 available)

Shout your support for Grin by placing your company's logo on the www.grincon.us website and reap all the marketing links to your company! Conferences take money and people to put on. Your support helps defray the cost for of all the developers traveling from far and wide to teach everyone about all aspects of Grin.

Sponsor Lunch - $7500 (2 available)

Food is always appreciated at a conference, especially if you're on a shoestring budget! Feed starving developers who have donated so much of their time to build innovative technology for everyone. Your company will be thanked in spades throughout event. 5 free tickets included and logo placement on website and t-shirt.

Sponsor Coffee and Cookies - $2500 (2 available)

Keep the peeps (and yourself) awake through those Schnorring cryptography sessions! Your head will spin with all the technology being implemented in Grin. Everyone will definitely need coffee and sugar to stay sharp in listening and learning. Your company will be thanked in spades throughout event. 2 free tickets included and logo placement on website.

Sponsor Drinks - $5500 (2 available)

Nothing is better than a few drinks to get introverted (typically) developers talking! Socialize with the Who's Who Grin Devs over drinks and ask them all the questions you want answered. Your company will be thanked in spades throughout event. 3 free tickets included and logo placement on website.
