

## Question 1.

Suppose we have the following product “Basic PC” defined in the database. The module `mrp_jit` is installed so that you do not have to launch the scheduler to generate the different documents.

The left screenshot shows the product configuration for 'Basic PC' with the following details:

- Name: Basic PC
- Code: PC1
- EAN13: [empty]
- Product Characteristics: Can be sold (checked), Can be Purchased (checked), Can be Rent (unchecked), Can constitute an Expense (unchecked)
- Procurement: Product Type (Stockable Product), Procurement Method (Make to Stock), Supply method (Buy)
- Weights: Volume (0.000), Gross weight (0.000), Net weight (0.000)
- Status: Category (All products / Sellable / Computer Stuff / PC), Real Stock (14.00), Virtual Stock (14.00)

The right screenshot shows the 'Base Prices' and 'Supplier Information' tabs:

- Base Prices: Cost Price (300.00), Sale Price (450.00), Variant Price Margin (1.00), Variant Price Extra (0.00), Costing Method (Standard Price)
- Supplier Information table:

Seq	Partner	Delivery Lead Time	Minimal Quantity	Partner Product Code	Company
1	Distrib PC	2	10.00	Tiny spr	Tiny spr
4	Agrolat	5	1.00	Tiny spr	Tiny spr

What will be the document(s) generated if I create and confirm a sale order of 3 Basic PC:

- An outgoing customer picking only
- An outgoing customer picking and a request for quotation for the supplier
- An outgoing customer picking and a manufacturing order

## Question 2.

What will be the document(s) generated if I create a procurement of 3 Basic PC manually and I confirm it:

- Nothing, because it has already 14 pieces available in stock
- A purchase order of 3 pieces
- A purchase order of 10 pieces

## Question 3.

Suppose that my company is configured in the default currency being EUR. According to the screens above, what's the value of my stock of Basic PC:

- 300 €
- 4200 €
- 450 €
- 6300 €
- 0 €

## Question 4.

The current standard price of the Basic PC product is 300 €. Will this price automatically change if I order to a supplier 10 new Basic PC at a price of 400 EUR ?

- Yes, the price will be updated at the confirmation of the purchase order
- Yes, the price will be updated at the reception of the products
- No
