14th April, 2016

To,

Ubuntu Nepali Language Localization Team

Subject: Participating for KU IT Meet 2016

Respected Sir/Madam,

On behalf of Kathmandu University Computer Club (KUCC), we would like to inform you that we are going to organize IT MEET 2016 from April 29 and April 30, 2016 in IT Park premises with the slogan "Education | Technology | Entrepreneurship". This is a celebration to foster collaboration and communication between the IT industry and academic institutions.

Kathmandu University Computer Club (KUCC) has organized IT MEET for four times & has been recognized as one of the important IT mega event in the country. It is therefore an opportunity to build on the success of the KUCC and promote IT for development of our country.

Ubuntu Nepali Language Localization Team has set a milestone by localizing Ubuntu Operating System in Nepali. As per the news from online blogs, we came to know that your team will be launching the Nepali version of Ubuntu soon, which is great contribution to the community.

Being a national level IT event, different governmental and non-governmental organizations, educational institutions, media and industrial representatives will be visiting IT PARK for two days. Thus, IT MEET 2016 an event organized by students of IT in one and only Information Technology Park of Nepal is the best platform to launch your product which is beneficial for Nepalese Community. We look forward to your response and support to this event in any way possible.

Thanking you,

KU IT Meet 2016 Organizing Committee
Kathmandu University Computer Club (KUCC)
