<code>\proofname</code>	Proof	Prueba	Used to introduce a mathematical proof.
<code>\glossaryname</code>	Glossary	Glosario	Heading for glossary.

If any of these translations are incorrect or missing, please email the proper translations to Kevin Godby (kevin@ubuntu-manual.org).

Ubuntu Manual translations

The following translation options are provided by the Ubuntu Manual project. If any of these translations or settings are incorrect, please email Kevin Godby (kevin@ubuntu-manual.org).

Quotation marks

Consider the following English sentence:

John said, “Yesterday, Kevin said, ‘The Ubuntu Manual project is fun!’ ”

Here’s the same sentence using quotation marks for Spanish:

John said, «Yesterday, Kevin said, “The Ubuntu Manual project is fun!”»

If the quotation marks above are incorrect for your language, please email the proper quotation marks (both inner and outer, open and close) to Kevin Godby (kevin@ubuntu-manual.org).

Translations

Macro	English text	Spanish translation	Description
<code>\eg</code>	<i>e.g.</i>	e.g.	Abbreviation for Latin <i>exempli gratia</i> . Means “for example.”
<code>\ie</code>	<i>i.e.</i>	i.e.	Abbreviation for Latin <i>id est</i> . Means “that is.”
<code>applicationsheadword</code>	applications	applications	Index entry introducing the list of applications.
<code>commandlineappheadword</code>	command line	command line	Index entry introducing the list of command-line applications.

<code>revisiondatecaption</code>	Revision date	Revision date	Used on the copyright page to indicate the bzd revision date.
<code>colophoncaption</code>	Colophon	Colofón	Heading for the colophon at the end of the manual.
<code>titlepagecaption</code>	Title page	Title page	Used in the PDF index to link to the title page.

Dash

In US English, we use an em dash to interrupt sentences—like this.
In British English, we use an en dash surrounded by space – like this.
Your language is currently set to use a dash – like this. If this is incorrect, please email Kevin Godby (kevin@ubuntu-manual.org).

Font tests

The following tests will typeset all the glyphs used in Spanish text. If any glyphs are missing or if you see any problems with the appearance of the glyphs, please email Kevin Godby (kevin@ubuntu-manual.org) with a description of the problem.
